representing Persons
with Disabilities in
Benton County**

What does Access Benton County (ABC) do?

ABC is a local group that advocates for improved access for persons with disabilities and seniors.

ABC meets every other month in Corvallis. We learn about the laws, regulations and best practices to improve access to persons with disabilities in our community. We have guests that present on a variety of topics. We encourage people with disabilities to let us know when they encounter barriers to access to buildings and programs.

Americans with Disabilities Act (ADA) Resources:

- **ADA National Network**, Information, Guidance and Training on the ADA
